

'Don't name explain' is a game where you have to work with a partner to take turns explaining a word without using it or one other word on your card.

For example, the first word you have to get your partner to guess is 'Climate change' you are not allowed to use that word or the word 'Storms.'

Cut out the cards and share them between you and your partner.

Complete the following writing.

The most important word I have learned is ... _____

It means _____

Another word I have learned is _____

This one means _____
